US rejects India's steel tariff challenge at WTO

RAVI DUTTA MISHRA
New Delhi, June 2

THE UNITED STATES has rejected India's challenge at the World Trade Organization (WTO), which proposed retaliatory action against the 25% US tariffs on steel and aluminium, arguing that the tariffs were imposed on national security grounds. The US also pointed out procedural errors in India's case.

In its note dated May 23, the US stated that India is wrongly treating the tariffs on steel and aluminium as safeguard measures. It clarified that these duties were imposed under US law (Section 232), which allows such action if imports are considered a threat to national security.

This development is significant as President Donald Trump on Friday announced a move to double import tariffs on steel to 30% — a step Indian exporters have called 'unfortunate', warning that they have already lost \$5 billion in exports due to ear-

India, Paraguay stand united against terrorism, says Modi

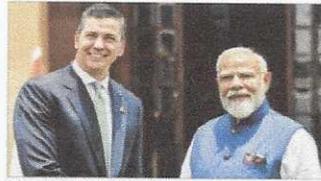

PRESS TRUST OF INDIA
New Delhi, June 2

INDIA AND PARAGUAY stand united in the fight against terrorism and there is transverse possibility to work unitedly to combat shared challenges such as cybercrime and drug trafficking, Prime Minister Narendra Modi said on Monday.

Modi made the remarks at delegation-level talks with Paraguayan President Santiago Peña, at Hyderabad House in New Delhi on Monday.

It is his first visit to India and only the second by a president of the South American country.

Paraguay is an important

Prime Minister Narendra Modi meets President of Paraguay, Santiago Peña, at Hyderabad House in New Delhi on Monday.

trading partner for India in the Latin American region. Several Indian companies in the automobile and pharmaceutical sectors have their presence in Paraguay.

Modi expressed his deep appreciation for Paraguay for its strong condemnation of the terrorist attack in Pahalgam, as well

as for the sincere condolences and solidarity expressed with the people of India, P. Kumaraswamy, secretary (East) in the ministry of external affairs, said.

Centre seeks 25% higher dividends from state-run firms

THE CENTRE is asking state-run companies to increase dividend payouts by about 25% this financial year as Asia's third-largest economy seeks to bolster finances in a volatile global environment, according to people with knowledge of the matter.

Officials from the department of investment and public asset management are also meeting company executives to request that these payments be made quarterly rather than annually, the people said, asking not to be identified as the information is not public.

'Claims by Cong on digital fraud baseless'

FE BUREAU
New Delhi, June 2

DISMISSING CONGRESS' CLAIMS that people have lost ₹6.36 lakh crore due to digital frauds, government sources said losses due to such frauds were only ₹733 crore between April 2014 and December 2024.

A post by the Congress (@INCIndia) on X dated June 1, 2025, alleged that the Modi government failed in saving people's hard-earned money by questioning the government's handling of digital banking security.

Congress is indulging in misrepresentation of facts by conflating specific digital payment frauds with the much broader category of total banking frauds, the sources said.

The X post specifically highlights issues within digital banking payments at the start, before shifting

the narrative quickly, implying vastly inflated figures, potentially drawing from statistics related to all types of banking frauds to create a sense of alarm, sources said.

Total banking fraud is a comprehensive category encompassing various types of illicit activities, including issues related to advances, deposits, off-balance sheet items, foreign exchange transactions, cash handling, cheques, inter-bank accounts, etc. Frauds related to 'Card/Internet' or digital payments constitute only one specific subset within this larger category of fraud. 'Card/Internet' basically pertains to digital frauds, in simple terms.

Government notices said the total number of digital payment frauds was 63,315 cases, as reported by banks and financial institutions between the 2014-15 and December 2024.

ONGC's downstream gains to aid growth in FY26: S&P

PRESS TRUST OF INDIA
New Delhi, June 2

STATE-OWNED OIL AND NATURAL GAS Corporation (ONGC) earnings are likely to remain resilient in the current fiscal as income from its refining and marketing operations will be enough to offset a decline in upstream profitability following a recent fall in oil prices, S&P Global Ratings said on Monday.

ONGC, it said, is likely to generate enough free cash flow to consolidate its balance sheet and support the ratings. It said, however, that the 'bbb+' stand-alone credit profile (SAC) remains thin, given recent acquisitions.

"We project ONGC's adjusted Ebitda will be broadly stable at ₹1-1.05 lakh crore in fiscal 2026, assuming Brent oil prices of \$65 per barrel (bbl) in 2025 and \$70 per bbl from 2026 onwards," it said in a note.

The firm's funds from operations (FFO)-to-debt ratio will likely improve to more than 40% over the next 12-24 months, in line with our expectation for a 'bbb+' SAC.

"We expect the India-based integrated oil and gas firm's earnings to remain resilient in fiscal 2026 (ending March 31, 2026). Earnings in the company's refining and marketing operations will rise enough to offset a decline in upstream profitability following a recent fall in oil prices," it said.
